

## Getting to Stavros Studios from Hiraklion Airport

1. From Heraklio Airport, follows signs to'' NEW NATIONAL HIGH WAY'' E75 (there is an exit from the airport to the new national highway). Drive west following the signs for Rethymno and Chania.
2. Keep driving for 180km (nearly 2 hours) towards Chania. DO NOT ENTER IN TO CHANIA TOWN. Keep driving past signs into Chania Town, and follow signs towards Kolimbari and Kisamos, which are west and away from Chania
3. After 5-10 minutes, take the exit for **PLATANIAS/GERANI**. Follow this exit road which ends in a T junction, where you will see on the left an enormous sign saying 'Portogali'. Turn left at the T junction.
4. After 50m, look out on your right for a right turn and a smaller sign saying Creta Paradise Hotel and Caldera Hotel. Take that right turn. Go on past a few hotels and drive straight on about 1 kilometer - two thirds of a mile - (crossing 2 small unmarked junctions). There are olive and orange trees to your right and left and the lane narrows and becomes more thickly bamboo-lined.
5. On the right, just past a very small church, Stavros Studios has a tall sign on the right of the road saying Stavros Studios. Turn right into the entrance lane and keep going till you reach the garden by the pool and park there. One of the family will greet you and show you your accommodation.
